Dear Sir/Madam,

It was with great interest that I read your recent post for the position on email marketing; I enclose my resume for your consideration.

Assessment of my credentials shall reaffirm my role as an enabler for meeting and exceeding the desired objectives through effective contributions. I possess **over 20 years** of rich and qualitative experience in Cloud Architecture, Solution Architecture, Business Architecture, Application Architecture, Infrastructure Architecture, Data Architecture, Enterprise Architecture, Data Migration Systems, Reporting Systems, Online Transaction Processing Systems and near real time big data warehouse systems.

The highlights mentioned below are indicative of the work that I have managed; my resume sets forth further details.
- Excellence in spearheading the entire Enterprise Data Solution Architecture with proven skills in managing teams of Architects & Developers right from requirements gathering till design, implementation & deployment for large scale projects.
- Attained international exposure business traveler to USA, UK and Paris for Client engagement, Solution presentation, Sprint Preparation with global teams, Requirement Assessment and Leadership connects.
- Achievement-oriented professional with excellent people management skills and an ability to manage change with ease.

I am a solution-oriented person who thrives in a challenging, fast-paced environment where my performance directly impacts the bottom-line. I believe that my strong background in IT combined with my extensive experience in planning, executing, monitoring and closing a variety of projects which makes me ideally suited to this role.

Considering my track record in overcoming complex challenges and making high stakes decisions using experience-backed judgment, strong work ethics and integrity, I see significant opportunities in aligning myself with your organization.

Thank you,

Yours faithfully,

Pijush Sen
